HAND STRAP WITH STYLUS HOLDER

Features & Benefits

Made from genuine leather, this hand strap is specifically designed to minimize the buildup of static electric charges on the chassis of the ZX70-Ex tablet and prevent it from causing potential ignition hazards during field operations. The adjustable strap is compatible with a gloved hand and is easy to attach and detach from the tablet, providing you with a comfortable, stable grip with just one hand. A stylus holder is also integrated into the hand strap for added convenience.

CAPACITIVE STYLUS

Features & Benefits

This capacitive stylus is lightweight and easy to control, allowing smooth and comfortable interaction with the touch screen without worrying about scratching the screen or leaving fingerprints on it. The stylus comes with a detachable stylus holder for convenient storage and carrying of it, as well as a tether to keep the stylus attached to the tablet, so it doesn't get lost or misplaced.

Anti-Static Protection Film

Features & Benefits

This anti-static protection film is designed to ensure safe operations of the ZX70-Ex in hazardous environments. The innovative layer of coating minimizes the buildup of static electrical charges on the screen surface while protecting the screen from scratches and abrasions. It also prevents the possibility of a static electrical discharge potentially igniting flammable or combustible materials in the air, while also maintaining excellent surface responsiveness.

Product Information

7" Anti-Static Protection Film

Dimensions :

193.3 x 117.5 x 0.15mm
